Dear Ms. Scobee:

I represent Tom Cruise. I understand that you plan to publish a book that includes assertions about Mr. Cruise that are demonstrably false and defamatory.

For example, your book claims that Mrs. David Miscavige said that Mr. Cruise had a "drug history." This is false. Mr. Cruise has no "drug history" whatsoever. He has never used illegal drugs of any kind. On the contrary, he has extremely strong anti-drug views. Your publishing the assertion that he has a "drug history" would be not only false and defamatory, but highly damaging both personally and professionally.

I doubt that Mrs. Miscavige ever said any such thing; but, even if she had, your repeating that false and defamatory assertion by attributing it to her would still be libelous.

Another example is the assertion that Mr. Cruise was given an ultimatum to choose between Scientology and Nicole Kidman. That too is false. He was given no such ultimatum. Nothing like that occurred; and Scientology had nothing to do with Mr. Cruise's divorce from Ms. Kidman.

Next, I understand that your book asserts that a Scientologist handling Mr. Cruise's finances was punished for losing him money. That never happened either. For decades, Mr. Cruise's finances have been handled by professional money managers, who are not Scientologists. Their performance is overseen by a Financial Board. Its members are also not Scientologists. No Scientologist has ever been assigned to handle any phase of Mr. Cruise's finances or has ever done so. I have represented Mr. Cruise for many

years and have never once discussed any aspect of his financial affairs with any Scientologist.

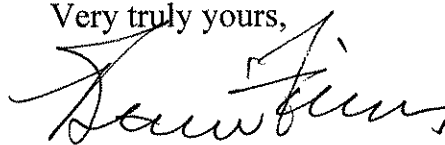

I also understand that your book asserts that Mr. Cruise's household staff is selected by Scientology and is paid money by Scientology. This is also false. Scientology does not select his household staff, and they do not receive money from Scientology.

While I am advised that your book contains these false and defamatory assertions, I have not read it. It may contain other claims that are also false and defamatory. The claims I have delineated certainly are.

Assuming that you publish these libelous assertions, I have urged Mr. Cruise not to give your book publicity by filing a lawsuit while it is initially on sale, but to wait until later to file an appropriate action for damages.

Naturally, all of his rights and remedies are reserved

Very truly yours,
