COUNTER INTELLIGENCE CORPS CENTER
HOLABIRD SIGNAL DEPOT
BALTIMORE 19, MARYLAND

17 December 1947

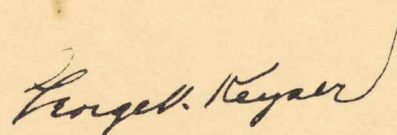

SUBJECT: Letter of Recommendation

TO: Whom it may Concern

1. The bearer of this letter, Special Agent G. C. Backster, Jr., is at present on duty at the Counter Intelligence Corps Center as an instructor of Investigative subjects.

2. Mr. Backster has devoted, and continues to devote, considerable effort toward development of classified advanced techniques in interrogation. In my opinion, which is solely that of a layman in such subjects, Mr. Backster has produced and perfected certain interrogative procedures the use of which are of high importance to military intelligence.

3. As an instructor of Investigative Subjects, Mr. Backster has given superior service to the Counter Intelligence Corps, and I am glad to recommend him in such capacity wherever his ability can be used for the greatest benefit of his country.
